Attachment Withheld - b5 Deliberative Process

Hi Patrice,

I've addressed the comments and suggested track changes in the attached BO. Where edits resulted in a fair amount of change, I tried to leave those as track changes for easier review. For all others, I either accepted the change or made minor edits. I worked through many of Pam's comments with Pam. Through that process, we were either able to fix her concern with a small edit or just remove her comment ((b)(5) Deliberative Process). You'll see where I provided specific responses to some of the comments from various reviewers in the margin.

Kris is still working on getting me estuary language for the baseline. (b)(5) Deliberative Process

As we discussed yesterday, (b)(5) Attorney-Client Communication

Let me know if you have any questions.

Thanks

Drew
