Hi Drew - - -

(b)(5) Deliberative Process

In the interest of time – this is just my reaction – and I am cc-ing EPA folks here at the same time you are receiving this. EPA folks - this is along the lines I discussed with Drew and Kathy earlier today.

Thank you for your continued consideration of these issues.

Hi Mary Ellen,

Take a look at the attached (b)(5) Deliberative Process. The rest of the language in the paragraphs that these sections were taken from would stay the same (granted, we haven't see all of your comments yet). I shared this with NMFS, and they are ok with this wording.

Let me know if you have any questions.

Thanks

Hi Mary Ellen,

Do you have time today to discuss a couple of the suggested edits that were provided by EPA? (b)(5) Deliberative Process

I don't think we need the whole cast of people for the call.

Thanks
