Hi Tom:

Just checking in to confirm Tuesday the 8th at 2:00.

DC NMFS folks will be at EPA east for another meeting immediately prior and can

attend in person, but we will need a number for our west coast folks.

Also, I am blocking my schedule for 4:00 meetings bi-weekly if that works for everyone. We should probably progress on this as much as possible.

As we discussed before the Holidays, (b)(5) Deliberative Process

We look forward to discussing next week.

Thanks and happy New Year,

-Ron

Hello Rick and Ron,

How about the 2:00 to 4:00 time slot beginning on January 8 for our biweekly call?

Thanks,

Tom

Subject: Re: Scheduling Meetings for 316b ESA Consultation

Thanks for the offer to participate but I'm in a carpool that leaves at 4:30 so this timeslot doesn't work very well for me and the two staff people that I would like to be involved with this work an early schedule too. Perhaps we can find a timeslot earlier in the day?

Hello Ron and Rick,

We would like to schedule a reoccurring meeting every two weeks for the next several months, preferably for two hours, to help keep the consultation process on track. The best time for Julie is from 3:00 to 5:00 on Tuesday afternoons. Hopefully this will work for both of you. Given the difficulty in finding a meeting time that would work for everyone , perhaps your colleagues could join our discussions as their schedules permit.

Ideally, we would like to schedule the first meeting before the end of December. Are you available Tuesday December 18? If not, the next available Tuesday will be January 8.

The two main agenda items we would like to discuss during our next meeting include **(b)(5) Deliberative Process**
