Subject: quick brief for 316b mgmt meeting tomorrow
Date: Wednesday, July 31, 2013 1:39:36 PM

Hi Rick,

Paul indicated he is not available to attend the senior mgmt meeting tomorrow for 316b and I will be out. I'm not sure if Gary is planning on attending. We were not able to get through many of the changes that EPA provided on Tuesday during the staff meeting. We did discuss the role that the Services will play during interagency review of 316b (which may begin as early as next Monday).

(b)(5) Deliberative Process

It's not an agenda item for tomorrow's mgmt call, but worth discussing.

Thanks,

Drew
