Hi Jennifer,
It has been resigned and has cleared Exec Sec. The package is ready for OFR delivery. We will **send** it first thing in the morning. It is my understanding that R6 will publicly make the announcement tomorrow when it is sent (but before it publishes).

I spoke to Gavin Shire (HQ-Public Affairs) earlier today and he did mention to me that they had already started making notification calls. That might explain why folks are calling you all now.

I am preparing a new pdf copy of the rule now and will share it with you and a few other key individuals shortly.
