I would just say something like --- "The comment period is currently scheduled to close May 10th. The request for an extension and additional public hearings is being considered, but no decisions have been made. We anticipate making a decision prior to May 10th."

[This all could take a while]

> I received a phone call from Keisha with the Humane Society of the US asking for an update on their request for an extension and additional hearings. Chris is out of the office this week so I was planning on returning her call and telling her that it is being processed. I wanted to double check with you about how much information to give before making the call.

Subject: Re: response letter for additional public hearings

We probably won't be sending this out for a few weeks, just so you know (it'll take some time; likely close to the end of the comment period as it has to go through both RO and HQ surname and clearance).

Thanks,

Seth

Hi Seth,

Would you please send me the response letter that was used in the WY wolf case in response to requests for additional public hearings? It would be helpful draft language for our response to the Humane Society of the US.

Thanks!
