Subject: habitat working group

Hi Jennifer,
Question for you: At the last YES meeting Trish O'Conner was assigned as the lead for the CS Habitat working team. I was expecting her to contact me to notify whether I was on that team. Should I invite myself to be on the working team, or should I let you (as the main contact) suggest it? Trish may not know that I was responsible for re-writing the habitat section in the CS. I'll go with whatever you suggest. Thanks Jennifer.

p.s. – thanks for the explanation on mortalities, it can be confusing.

Lisa Landenburger
Grizzly Bear GIS Database Coordinator, GYE
