From: Bush, Jodi
To: Fortin-Noreus, Jennifer
Subject: Re: YES Conservation Strategy steering committee
Date: Thursday, April 28, 2016 4:08:04 PM

I talked to Chris about this and Matt. I had hoped to chat with you before Brian reached out but oh well. Please give me a call next week (i'll be back in the office on Weds) and I can catch you up. Looks like we will be chatting a bit from here on out. JB

We will not be adding members to the steering committee. Nearly all of the discussions on this committee involve policy type decisions and most of the technical work will occur in the sub-groups. We decided that if we needed your assistance in an advisory role, we would reach out through Jodi to coordinate your participation on a case-by-case as-needed basis.
>
> With that said, we did take the liberty to assign you to all of the sub-groups to work with Jodi on the major themes identified at the YES meeting. More direction and information will come soon on those assignments.

I wanted to check-in to ensure that I'm on the email list to receive any communications regarding the steering committee and to see if there are plans to have a conference call soon. The Service will be receiving peer-review comments mid-June and given the tight timeline to complete revisions to the Strategy it would be beneficial to begin discussions to address them as soon as possible.
