Dear Habitat Subgroup (those of you on the TO line):

Sorry for the delay in getting this to you. You will soon be getting a doodle poll request for a conference call where we can discuss how to proceed with addressing Habitat related issues identified for the GYE Conservation Strategy update. We will start with a conference call and from there develop a process for proceeding to addressing the issues. Hopefully we can get this done next week, so please respond to the poll ASAP once it arrives.

Attached is the direction for our habitat group.

Thank you

Subject: Selection to habitat sub-group of the CS Steering Committee

All,

You have been selected by the YES Conservation Strategy Oversight Committee to serve on the habitat sub-group. Attached is a short description of your charge and the major themes identified by YES that your group will be tasked with addressing. We ask that you address this quickly as the first **deadline** for a report back to the Steering Committee is **May 25th**.

I ask that Ken McDonald take the lead in coordinating the first meeting. One key task for the first meeting will be to decide on your sub-group chair person who will take over this role for future meetings.

Please contact any of the Steering Committee members or myself if you have questions or concerns.
Brian
