Subject:	Re: second population management sub-group conference call
Date:	Sunday, May 22, 2016 6:51:09 PM

Thanks Jeff, and I apologize to the group for missing Friday's call. No excuses. I look forward to discussing these themes, I was directly involved in some of the items on question so I hope to bring additional clarity tomorrow.

> Population Management Team-Our second conference call is scheduled for Monday, May 23, from 10am-1130 am. The conference call number is 208-258-2896. I recorded our discussion in report format and addressed the questions posed by the Steering Committee (see attached). This is a draft, a target for discussion, and you are welcome to send edits ahead of the conference call if you have suggestions for the group. Otherwise, I will use this as a guide to recap our previous discussion and finalize the groups response to the Steering Committee.

Subject: Selection to population management sub-group of the CS Steering Committee

All,

You have been selected by the YES Conservation Strategy Oversight Committee to serve on the population management sub-group. Attached is a short description of your charge and the major themes identified by YES that your group will be tasked with addressing. We ask that you address this quickly as the first **deadline** for a report back to the Steering Committee is **May 25th**.

I ask that Jeff Gould take the lead in coordinating the first meeting. One key task for the first meeting will be to decide on your sub-group chair person who will take over this role for future meetings.

Please contact any of the Steering Committee members or myself if you have questions or concerns. Both Jodi Bush and Loren Grosskopf are members of your committee and the Steering Committee which should serve to help answer many of your questions.

Brian
