Hi Jennifer,
I just sent out an email to the Habitat Steering committee that includes the PowerPoint that you are requesting – so you should have this. As for a meeting on July 11 or July 13 – either date works for me.

Subject: habitat chapter of the conservation strategy

Hi Dan,

I wanted to touch base on a few items. First, on the conference call with the habitat subgroup to revise the conservation strategy you mentioned a powerpoint presentation that highlighted the issues from the Forest Service. If you would please email that to me I think it'd help me give me some more background.

Second, if a meeting hasn't already been arranged with the Forest supervisors I will be arriving in Bozeman on July 11th for the Study Team meeting on July 12th. If the afternoon of July 11th or possibly the morning of July 13th would work please let me know. It might be a good idea for you, Lisa, and I to sit down anyway and do some editing.

Thanks!
Jennifer
