Just burned the CD and passed it off to be fed-exed so it should be en route today!

Would you be able to do a call tomorrow or Friday or will you still be at your meeting? If you will still be at the meeting, definitely not a problem. I'll look to do the call in July.

My pleasure! It will definitely still be a pretty large chunk of stuff to read (we got a lot of comments). But I am hoping I can organize it such that you can read through it quickly and see broad patterns of issues requiring response.

We'll see!

Hi Jennifer,

Sounds good. I don't think I have any questions at the moment but I will certainly let you know. I am going to start cleaning up the spreadsheets that DiscoverText spits out today. Hoping I can make them even easier for you to analyze!

Good luck at your meetings this week,
Alex

Hi Alex,

Glad it went so quickly! I am in the office this morning but then off to another meeting and will be back in the office on Friday. If you have any questions I should have time to step out and call.

Jennifer

Hi Jennifer,

No worries! We finished the bulk of the comment processing on Friday, a lot more quickly than anticipated. There are still a few kinks I am hoping to resolve today or tomorrow but we should definitely get you the spreadsheets with the annotated comments by the end of the week.

Feel free to give me a call if you'd like a more detailed update!
Alex

Hi Alex,

Thank you for the update. Unfortunately I was unable to connect to my service email while at the conference last week. I will be at a meeting most of this week also.

Jennifer

Hi Jennifer,

I just wanted to let you know that we are coming across some additional highly substantive comments as we do this processing and I am uploading them to the Google Drive folder. So far, I have added a letter from the Governor of Montana and Bear Trust International.

Hope your conference is going well!
