It looks like tomorrow morning the 28th from 9-11 works best. I think we will wrap it up pretty quick but I just want to make sure we are all good before I send it on. I will send out the latest document later this morning. I think it is almost all agreed upon but I have one small edit to make from the Forest Service standpoint. The number to call in is 888-844-9904 and the passcode is 8620731#

Thanks, Joe

HI all, it looks like I am supposed to take it from here and get us to the finish line. I am wondering exactly where we are at? I look at the latest version and it has a bunch of suggested edits but I am unsure what the group decided to do with those suggestions. I would like to conduct a call to see if we can finish this thing up. Here is what I received from Brian Nesvik and the Steering Committee:

The Steering Committee's decision is provided below by theme.

Theme #1-NPS Managers included in the discussions and decision making process…..allocation of harvest—*Elevated to Steering Committee for discussion*
Theme #2-Update Chapter on Conflict—*Proceed with your recommendation*
Theme #3-Connectivity/Linkage/Genetic Management— *Elevated to Steering Committee for discussion*
Theme #4-USFS concerns related to the safety and moving bears—*Proceed with your recommendation*
Theme #5-Food storage, consistency of orders and linkage to NCDE- *Prepare to discuss with Steering Committee to provide additional clarification regarding this recommendation.*
Theme #6-Coordination and consultation re: moving bears…..- *Proceed with your recommendation*
Theme #7-USDA sheep station—*Concur with your recommendation to leave as is in C.S.*
Theme #8-Limit on bear relocations to other ecosystems—*Proceed with your recommendation*

I am thinking about an hour or two of your time on the 27th from 1-3, the 28th from 9-11, or the 29th from 9-11. I don't think we would need all of that time but probably better to plan on it. Let me know if any of those days work for all of you. Thanks, Joe
