Subject: FW: draft language for dispersed sites

I seem to be having email problems so please let me know if you receive this. Below is the proposed language for exceptions for dispersed sites after our conversation earlier.

Subject: draft language for dispersed sites

Hi Lisa,

Here is the proposed wording for allowed changes to dispersed sites:

Modifications to dispersed sites that reduce resource damage, detrimental environmental impacts, and/or the potential for grizzly bear conflicts are allowed (e.g., installing a vaulted toilet to avoid damage to water resources or installing bear-resistant storage structures to reduce conflict).

Thanks!
