Okay. It's not a huge deal at all. I just didn't want to put it all in an email.

Can't thank you and John enough! I'll try to call before 2:30 if we take a longer break.

I found that the 1100s (post-delisting monitoring/management) are over my head and therefore many are highlighted/not coded. If John were here today I would have asked that he looked over it, but he finished yesterday. Next, other highlighted excerpts include comments that are one or more of the following: over my head/too great of detail; not sure if it belongs; important?; and length.
