Oh, got it! I missed the reference to needing help on p 1-18. Let me work on this and I'll be in touch on Monday. It may be that we won't need to chat over the phone at all.

If possible I do need it before the R6 meeting on Thursday. I have read it but I do not have the in depth understanding of the DPS and SPR language that is delved into with this comment. I have read and summarized the comment from the bottom of page 18 and on. Please let me know when you would like to talk. I have a few meetings early next week but will make something work!

Thank you!

Oh my, this comment is almost as long as the rule! I'm happy to help with this but I'll need to skim through it first. Can we plan to talk early next week? I'm assuming you'll need this before your scheduled to meet in R6 next Thursday.

Hi Maricela,

If you have a little time I could use some help summarizing public comment on DPS and SPR issues. I am sending you the public comment from Wild Earth Guardians (pp. 1-18) as they go into great detail in their comments and encompass the majority of all of the other comments on these issues.

Thank you!

Jennifer
