I was moreso referencing changes on page 40. Probably best for an overall discussion/conference call as you mentioned.

Sorry I meant subgroup, not steering committee.

Once I have consensus from the Study Team on suggested edits the plan is to bring these suggested changes back to the sub-group for approval. If there is not agreement at the sub-group level then it will be elevated to the steering committee. We are trying to make edits within the system that YES set up.

Dan,

Would you suggest we have a conference call?

I think we should've stayed another day....

On Mon, Jul 18, 2016 at 1:30 PM, van Manen, Frank <fvanmanen@usgs.gov<mailto:fvanmanen@usgs.gov>> <mailto:fvanmanen@usgs.gov<mailto:fvanmanen@usgs.gov>>> wrote:
All,

Below please see the email from Jennifer and her revisions on the draft CS (the revisions are marked; most revisions are in Chapter 3). Please review and provide edits directly to Jennifer no later than COB Thursday 21 July.

Thanks!

Frank

Hi Frank and Mark,

I'm attaching the draft Conservation Strategy with revisions I made in light of the Study Team meeting on the 12th. The majority of the revisions are in Chapter 3, however, given our discussion on hunter numbers I did insert a brief background on it in Chapter 4. I would appreciate any edits you may suggest and if you would pass this along to the rest of the Study Team with a plan to get any additional edits back by end of the day on Thursday. Please note that I plan on revisiting the executive summary and introduction (Chapter 1) once all edits are finalized so there are currently no changes. Please let me know if you have any questions.

Thank you!

Jennifer
