Hi Jennifer,

Is there any way you can move the deadline for this to tomorrow, or even Monday? I'm not sure I can wrap this up today and I think there are several others for which this may be the case....

The majority of the revisions are in Chapter 3, however, given our discussion on hunter numbers I did insert a brief background on it in Chapter 4. I would appreciate any edits you may suggest and if you would pass this along to the rest of the

Study Team with a plan to get any additional edits back by end of the day on Thursday. Please note that I plan on revisiting the executive summary and introduction (Chapter 1) once all edits are finalized so there are currently no changes. Please let me know if you have any questions.

Thank you!
