10am on Friday would be great. Dan has expressed that he doesn't have the background knowledge to help answer the issues that have been raised and has instead referred me to Scott Jackson. Scott has been trying, unsuccessfully so far, to bring Allen Campbell into the discussion to get a legal opinion from the FS.

Yes that would be ideal, especially with Dan on the call. Friday is the only day that works this week and I open between 1000-1100 and then any time after lunch

Hi Tricia,

I would like to schedule a phone call for Wednesday or Friday to discuss edits to the Conservation Strategy and the Rule that relate to the Forest Service. I have been discussing issues that came up in public comment and peer review with Dan Tyers and Scott Jackson to receive some assistance, however, it appears that you have also been working on similar edits through the steering committee. Hopefully we can work together on these issues so we can synchronize the responses to the two documents and save time and effort.

Thank you,

Jennifer
