ISSUES: regulatory authority - MT.

moa req 2: % met ~~table~~ - moa - can you exceed "total" mort. limits hunting plus mgmt (disc + non-disc non-discretionary mortality could be higher than normal...

"any" exceedance vs ~~2 of 4~~ hunting years
should include all mortality (incl. mgmt. exceed

Id: suspend mortality discretionary mgmt.

remove hunting from 4g - need to defend what we said was required
