Yes, I have that 5 year information, but thought the delivery date was interesting. Another question I have is if our office is the ONLY source of spending the funds or if the RO charges any costs associated with grizzly bear delisting in the GYA to the account. Do you know the answer to this?

Kate,
I was forwarded this memo. Items such as public hearing costs will come out of these funds and we have five years to spend them on any delisting project.
Thanks,
Jennifer

Jennifer,

I think this is something that you should be in the loop on. I have never seen information prior to this re: our delisting budget. The email below states that GRIZZLY gets $105K. I have no idea who actually uses this or any other information besides the attached memo. One interesting piece of information in the attached document is that the "estimated delivery to HQ" for GYA Grizzly final delist is November of 2016.

Hi Wayne,

I should have added the attached memo explaining this funding. It's my understanding that you'll be able to use it over the next 5 years. If/when I get more info, I will forward.

All,

This seems like an odd time of the year to receive funding and maybe I am completely out of the loop on this, but is this for FY16 or 17 and is there a use before date on this???
