We are in Building 26 at Fort Missoula. Park in front (west side) and come in left front door. There is a reception desk there and you can let them know we'll be meeting in Grand River Conference Room on 2nd floor. If you need additional directions (it can be confusing), please just call my cell as you approach. (406-552-2934) Thanks!

See you then!

The 30th at 2pm would work well. What building are you in?
Thanks!
Jennifer

Hi Jennifer,

I checked with Alan and a meeting next week would work fine. What do you think about coming over here Tuesday

afternoon (Aug. 30th)? 2:00? Please let me know if that works or if there is a better time for you.

Thanks.

Hi Scott,
We have not begun to draft any response language as we are not confident that we know how to answer these questions. Are you and Alan available for a meeting next week to discuss the best way to handle these issues? I'd be happy to come over to the FS offices.
Thank you,
Jennifer

Hi Jennifer,

Thanks for your note. Yes, I can assist with this. I've talked with Alan Campbell and he, too, is willing to help. Has there been some draft response language developed that we can review, or do we need to talk about where we should start and how we could be of most help? Please let me know what you think would be best.

Hi Scott,
I wanted to follow-up with you about my discussion with Tricia and the assistance we need from the Forest Service in the public comment process for the proposed delisting rule. We need assistance in drafting responses to the issues and in making appropriate changes to the Conservation Strategy and the rule where necessary. I have attached a list of the issues raised during public comment that are relevant to the Forest Service. Tricia is working on the wording and response for the sensitive species and species of conservation concern issue. I need further assistance with the other issues on this list. Do you have time to work on this with me and put me in touch with Allan Campbell for those issues that we need legal counsel on?
Thank you!
Jennifer
