> Thank you! I will begin looking at these later today and let you know if I have any questions. I have attached the second issue, population trend, that I would appreciate assistance with. There are only two more major ones after this, density dependence and carrying capacity. For the other minor issues I will draft a response and would appreciate your edits/comments.

> Hi Jennifer,

Here are my answers to the 3 additional comments. I added them at the bottom of comment on the same document I submitted earlier. Several are lengthy answers and so please edit as you see fit and/or change the "tone".

Let me know if there are questions.

Frank
