Thanks, I'll upload these documents.

I don't post supporting materials until the Federal Register document publishes. Actually, the program is designed so that they can't be made public until then.

Please do not post these to regulations.gov just yet; we need to wait until the notice is published. There are currently 7 supporting documents in the grizzly bear proposed rule docket. We would like these to be added to that list. Marcia, I am not sure if that is on your to do list or the Federal Register's but I thought I would share just in case. We will also be posting these documents to our regional grizzly bear website.
