Subject: peer review

Gentlemen,

We are looking for a peer review of several changes we are proposing in the Yellowstone ecosystem. These changes are in 2 relatively small documents of 3 and 14 pages (attached). The charge to the peer reviewers is also attached. These documents will be available for public review in about a week via a notice of availability in the Federal Register. The public and peer review will be open for 60 days. I would like to ask you to be the peer reviewers for these 2 documents. We will pay you \$500 for your time on this review. If you accept, your peer review would be due by June 1.

If you are available to do this peer review, please let me know. If you are not available to do this review, I certainly understand.

Thank you for your time in this process.

Chris
