We've attached the CS with the changes made that it sounds like you have questions on. After posting the draft CS, and as we indicated we would do, Jennifer and two additional folks (Loren and our Administrative assistant) reviewed the entire document for syntax, clear language, formatting, spelling etc.

We did a compare document from what was posted on November 18 with the document shared with IGBC. That document is attached, changes are flagged with comment note. We did not flag editorial or formatting changes as there are a lot of them. We do not feel any of these changes -change the meaning of the document but would like to talk to you in the morning to resolve your concerns.

Call in number is 866-822-7385, passcode 5396168. Talk to you then. JB

I've been briefed that there is issue with final CS we provided to IGBC. Are you three available for conference call at 730am, mtn time, tomorrow morning? I'd like to resolve any issue we may have prior to meeting tomorrow. JB
