I don't know whether there have been subsequent changes, but as of the August draft, here are the relevant provisions specifying YGCC membership and Conservation Strategy amendment:

"YGCC membership will consist of representatives of the following, each having one vote:

Federal	National parks: Yellowstone and Grand Teton
	National forests: Beaverhead-Deerlodge, Bridger-Teton, Caribou-Targhee, Custer-Gallatin, and Shoshone
	One Bureau of Land Management representative
	The Biological Resources Division of the U.S. Geological Survey
State wildlife management agencies	Idaho, Montana, and Wyoming
Local government	One representative from each state
	Tribal
	One representative from each Native American tribe with sovereign powers over reservation lands within the DMA"

"YGCC authorities include: revise or amend the Conservation Strategy based on the best biological data and the best available science. Any such amendments will be subject to public review and comment."
