Subject: Letter to Gov Mead

FYI, the park and Jon both informed me of the draft letter, which we have reviewed. Our suggested edits are attached. (I've sent this to Jon also, but believe he is en route to GRTE.)

From my perspective (for whatever that is worth), since the RD is the one who has to sign the conservation strategy, it struck me as odd that the Director and the superintendent would sign this letter. The previous vote was appropriate at the park level; at this next step, it becomes one NPS vote, so no longer appropriate that the park be doing the speaking. My strong preference would be that Jon sign this letter, speaking for all of us.

Sue
