My first attempt to send these to you failed because they are too large to send together. Here is the Strategy and my next email will contain the appendices.

Thanks!

Jennifer

Subject: final Strategy to post on IGBC

Gregg,

Would you please post this clean, final version of the 2016 Conservation Strategy and the Appendices on the IGBC website? We would like to keep the track changes draft version posted too. Please let me know if you have any questions.

Thanks you!

Jennifer
