Hi Scott,
I apologize but I was out of the office Friday and Monday. I did discuss this with Dan before I left so hopefully you got your answer. If not, please let me know.
Thanks!
Jennifer

Hi Jennifer,

As you know, the Forest Service is writing a statement of our interests/position relative to GYE grizzly bear delisting. To be as useful to FWS as possible in the amount of time available, do you have advice for where we should send that? I was thinking that issuing the statement from our R1 Regional Office (as opposed to our Washington Office) would shorten the timeframes (which seems important). If that was the case, to which FWS office would you suggest we send it (hopefully by next week)?

Thanks for your advice. With all that is going on, I hope you are doing OK and are at least able to pause and take a breath this weekend!
