10-4. Hopefully it will be a short meeting (i.e., the FWS and NPS quit trying to insert recalibration language) and we will all be leaving at noon. I guess it could be short the other way too – insistence on recalibration language. Gary Frazer is now negotiating with the WY AGs office independent of the rest of us.

Thanks Ken. Appreciate the offer. Looks like Jen is going down too so I am going to catch a ride with her. JB

I am attending, and so is Jeff Hagener. We are looking at taking the plane and flying over there on Monday morning, coming back that afternoon. It will be a little tight but there is room for you if you want to join us – it is just under 2 hour flight – and assumes the weather will be good.
