No hyphenation - just to make things confusing!

Quick question, should Custer-Gallatin be hyphenated or not? All of the other joint national forests are. Thanks! JF

Hi Jennifer,
Attached are final edits to the CS and Appendix E.

1. CS proposed revisions_DRAFT1Sept2016FS edits_LLeDits_submitted13Sep2016.docx: My edits are based on the cleaned Sep1 version of the CS Draft. Almost all of my tracked changes are to Chapter 3, however, if I saw an obvious typo elsewhere in the document, I corrected it and tracked it. A couple edits to the TOC was made where appropriate.

2. Appendix_E_Final_Edits_LL_submitted13Sep2016.docx: This includes tracked changes to the body of the text only. For simplicity, I removed the Tables since you have these. Back on Aug 22 I sent you the two updated and final tables for the developed sites baseline - please be sure to use them. All other tables remain the same.

If there's any way I can help you - let me know!

Lisa Landenburger
