Subject: food storage orders language

Hi Scott and Dan,

I am emailing to follow-up on an assignment I received on September 8th conference call to draft language on food storage orders for the Forest Service. The new language will be inserted in Chapter 2 in the discussion of connectivity. We would like to present a short paragraph that summarizes the food storage orders that are in affect on forest service land both inside and outside the DMA and PCA that will facilitate connectivity. I am hoping one or both of you can assist me in drafting this language.

Thank you!

Jennifer
