If it's OK with you, let's still have the call at 9:30 and we can decide then if additional follow-up is needed? Also, see attached for a minor update on Issue 40 (version 3); just added some language here and there for further clarification.....

Cheers,

Frank

Attached are our responses to Issue 40. You may have some questions regarding several of our comments so just give us a holler.

By the way, we'll be coming through Missoula on Monday (we have a meeting with Charlie in Pullman) so could have a short in-person meeting if it helps....

Have a good weekend!
