Hi Jennifer. I think this is what you were looking for. Sorry I didn't forward it, I thought Dan had sent it to you on Thursday after the meeting.

If there's anything else you're looking for, I will be back in the office on Monday.

Thanks, Mary

Subject: language for sensitive spp.

I went ahead and edited the draft version of the CS that Brian N sent out to all of you that now includes the sensitive species language we got from the WO. Mary and I are going to talk on whether to send this out ahead of YES mtg or not but at least you all have it and can talk to it at meeting.

The changes are in red on pp. 70-71 and 131-133 of CS. Note that there are not page numbers but you can tell it from the page tracking in the document. Also note that now there would be only one place where this is mentioned in the doc, not 2 as previously.
