Subject: Issues left to resolve from public comments for YES SC
Date: Monday, August 29, 2016 3:32:27 PM
Attachments: [Comments organized into issues for YES SC to address.docx](#)

Sorry I didn't mail this earlier. After going through the 15 pages of comments, the Steering committee decided that these were the appropriate comments to be addressed in the Conservation Strategy. The remaining comments (in the 15 pages) were resolved by soliciting help from various entities (States, FS etc) or the FWS agreed to handle as a response to comment only in FR.

Here is the document. 13 comments. JB
