Greetings. Here is a draft of summary notes from the 8/2 YES meeting. We did not attempt to capture all the back and forth and depth of conversations in the notes.

Could I get a quick review from the SC and Subgroup leads? We've included the timeline summary in here as well.

I've had many requests for these notes. I was not planning on including the Draft Chapters/reports – since they are a work in progress.

If you feel this hits the mark, the plan would be to get these notes along with the meeting minutes that Brian provided to all YES members – and post on the IGBC website as soon as we can. If you have edits, if you can provide better language with track changes, that would be helpful.

(Sue – I had some trouble with table formatting, if you could help with that).

Thanks all, Mary

Subject: Documents for posting on IGBC/YES website

Mary,

The Steering Committee discussed your question regarding what information should be provided on our website. Overall, the committee is supportive of posting meeting minutes and the original list of themes. All present at the meeting were uncomfortable with posting drafts of changes that remain deliberative in nature. Attached are the documents we recommend posting. The original list of themes is found at the end of the 4-28-16 meeting notes.

Brian
