Subject: Edits for CS

Jennifer,

Attached are all of the edits I have received to date regarding changes to the Conservation Strategy that we discussed yesterday at YES. Please include these in the new draft. There remain several other changes that will come in the next several days/weeks including: 1) GB values paragraph 2) Sensitive species language (USFS) 3) Updated language regarding 1998 baseline 4) Appendix C update (Gould) 5) potential changes based on Steering Committee review of public comment
