Subject: Documents for YES Committee Members

Mary,

Attached are several documents I recommend you push to the entire YES committee in advance of our meeting next Tuesday. As you are aware, the themes addressed by the Steering Committee will be presented and covered in detail, however the attached documents may give members who are interested some material in advance to review and re-familiarize.

If possible, I think it would be handy to have access to a projector and screen so that we can project some of the recommended changes.

I did not include a copy of the recommended process because you and the steering committee have had a chance to weigh in on the final written version. We can disseminate Monday evening or at the meeting. I will bring some paper copies. For the same reason, I did not include several of the other sub-group recommendations.

Attachments include:

- 1) Original list of themes and their sub-group assignment
- 2) Final Steering committee theme list
- 3) Meeting minutes from past three Steering Committee meetings-these provide some detail on theme discussions

--

Brian R. Nesvik
