Dan, et al:

As promised, attached are several agendas for the upcoming WAFWA conference in Cody, Wyoming, where known topics of interest to, or presentations by, FWS staff are listed. Rather than shower you with agendas for all 36 WAFWA-specific venues, we felt it best to focus on these. All of the agendas will be at the registration desk and we encourage your attendance at any of the meetings. Other agendas for ancillary meetings such as the EOC, Joint State/Federal ESA Task Force, Colorado River Fish and Wildlife Council, etc. should be, or have been, provided to you from other sources, as those agendas do not originate from this office. Please feel free to share these agendas with other FWS staff not included on this email who will be attending.

We also want to remind you that the theme of this year's annual conference and Monday's (July 25th) plenary session is "***Forever Wild. Forever West. Partners in Conservation.***"

We look forward to FWS participation and conversation over the course of your stay in Cody. Please let me know if you have any questions. Safe travels everyone!
