Ok, I sent you a text. I did get your message. I am non the east coast as well and am available for a call all weekend or on Monday at 1140 (east coast time). If those don't work, I am available several other times next week.

Brian et al.

Does the group want to see the Public and Peer Review comments that the FWS has decided to address without changes to the documents...? There are alot of these and we are trying to keep the group from being overwhelmed with comments that we just need to respond to but that don't change the underlying documents.

We do expect to provide the Steering Committee with the Peer and Public comments that present issues related to the conservation strategy that need to be addressed. Hopefully within the next several weeks.

Thanks. JB
