Since this has come up a few times, can someone tell me where the "official" working version of the Conservation Strategy is? I printed what is on the rule website but given the dramatic difference in page numbering, am wondering if we are all working with the correct version.

**Subject:** Notes From June 10 meeting-Updated list of themes

Team,

Attached are the notes from our June 10 meeting as well as the updated list of Steering Committee themes. This list includes all of the original issues we tagged as SC issues as well as those that were tasked to subgroups and re-referred back to the SC. This will be the list we use to guide our meetings over the next 6 weeks.

Our next meeting will be **June 24th at 8:30 a.m.**

Brian
