Jennifer,

It was great talking with you, I have all the confidence you'll help us all through this sticky process of a Strategy revision! Attached are 2 things I promised to send you:

1. **RE_Shoemaker_WishList_of_CS_revisions_LLcommnets.pdf** - Rebecca Shoemaker's personal wish list of revisions – I am not sure how far she got with any of these. Next to those items on her list which pertain to Habitat Standards, I added my own 2 cents in red.
2. **RE_Recovery criterion 500 Bears and genetics argument.pdf** - Email conversation pertaining to references of language in previous documents (pre-2013) indicating that the number 500 bears was established as a MINIMUM due to genetic concerns, and NOT a TARGET.
3. **RE_CSrevisions_4MajorFoodGroups_Nov2014.pdf** – Email conversation with Kerry Gunther & Rebecca & others on whether to keep 4 Major Food groups section.
