There are a few incidents that I'm unsure how to classify from the report. Next week would be fine.

Thank you,

Not at the moment. I would have to generate it. If you want it fast you can probably get the information for 2014 from the annual report available on line and update the table. I won't be able to get to it this week as I will be travelling starting tomorrow. I can probably get to it next week.

Sincerely,
Mark

Hi Mark,

Do you have an updated version of the attached table that includes numbers from 2014?

Thank you,
