---

Dan, Bob and Gary – Thank you again for meeting with Don Barry and myself in April to discuss Yellowstone grizzly bears. Now that we are approaching fall, I thought it might be a good time to follow up and inquire about any updates you are able to provide. I am happy to make time for a brief phone call over the next few weeks or alternatively I will be traveling back to DC in mid-Sept. and can schedule a meeting then. Thank you for your thoughtful approach to this important matter. I look forward to hearing from you soon.

Best,

Scott
