Non-comment Emails to Sally Jewell

Prior to the proposed rule, DOI Secretary Sally Jewell received 1,816 emails at feedback@ios.doi.gov. These emails were not gathered through the official public comment process because they were emailed prior to the release of the proposed rule and the opening of the public comment period. Nevertheless, these comments were considered and addressed by the Service. Most emails were form letters and the substantive issues raised were addressed in the final rule.

Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Laura Paalanen

Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Lee Blackburn

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Donald Begalke

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Karen Hewelt

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Leslie Fellows

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Bonnie Loughridge

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Gail Schuessler

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Joyce Fell

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Shoshana Alexander

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Danni Murphy

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Jeff Levitt

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Peter Fiorentino
PO Box 517
Rosendale, NY 12472-0517

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Andrea Heeter

Aug 11, 2015

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Steve Englander

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mrs. Linda Tibbets

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Roy And Marilyn Wiley
47 Washington Mountain Rd
Washington, MA 01223-9788

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Dr. Judith Gordon

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Robert Bursick

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Natalie Houghton

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Joanne Coleman
30w004 Laurel Ct

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Michael Cosby

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Angie Unruh

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Jalien Shandler

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Margaret Shuler

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Mike Milius

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Cecil Corwin
Jones St

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mrs. Julia O'Connor

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mrs. Ilse Christen

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Kari Sypher

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. James Sullivan
5509 W Higgins Ave
Chicago, IL 60630-2125

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. W Townsend

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Anne Mcmanus

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Nancy Dollard

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Chris Drumright

Aug 12, 2015

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Stephen Brown

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. James Bochenek

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Cathy Brunick

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Paul Lauenstein

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Richard Roegner
220 Midway Ave
Lakeview, OH 43331-9478

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. William Fensterer

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Sharon Ellis

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Peg Leclair

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Miriam Baum

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. N. Lee

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Mike Chutich

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. L Giaffo

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. William Persky

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Clara Wendland

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mrs. Mindy Dickman

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Barbara Liszeo

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Peter Curia

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Carrie Megill
4416 Meadowland Dr

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Katerina Naumenko

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Robert Jackson

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Dr. Donna Carr, M.D.

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Silvia Gregory

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Michele Neely

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mrs. Linda Keveloh

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Mark Canright

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Ronna Schwalk
11726 Military Rd SW

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Jennifer Moore

Aug 21, 2015

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Helen Desmith

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mrs. Stacey Daniels-Dattilo

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Mr. Thomas Berg
909 Van Buren St
Herndon, VA 20170-3254

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Linda Clifford

Secretary Sally Jewell
1849 C Street, NW
Washington, D.C., DC 20240

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Ms. Nancy Loftin

Dear Jewell,

I am writing in support of a letter from the Rocky Mountain Tribal Leaders Council asking for a delay in removal of federal Endangered Species Act protections for grizzly bears in the Yellowstone region and calling for a formal government-to-government consultation on delisting.

The grizzly bear has long been a powerful symbol of spiritual renewal and regeneration for Native American tribes. Thirty-five tribes have signed official resolutions or declarations opposing removal of federal Endangered Species Act protections, but their voices have been ignored as the U.S. Fish and Wildlife Service continues to prepare to delist Yellowstone's grizzly bears this year.

I urge you to honor the presidential executive orders and laws requiring such consultation with tribes, before taking any additional steps to strip federal protections from Yellowstone's grizzly bears.

Sincerely,

Dr. Claudio Henriques
