Great! We will plan for this fall then to give us plenty of time.

I will review this with Chris this week. What is the deadline for having it ready for the 2016 Compendium?

Thanks,

J

It will be in the 2016 Compendium. Are you okay with the language?

Hi Kate,

It would be helpful to put it into the 2016 Compendium so that it is already in place should FWS choose to proceed with delisting again in the future. Please let me know if you have any other questions about it.

Thank you,
Jennifer

Hi Jennifer,

I think this is what you are looking for. Unfortunately, this did not make it into our 2015 Compendium. I think the language was deleted because the bear was re-listed. Would you like us to put it in our 2016 Compendium regardless of ESA status?

K

I'll touch base with you early next week if I haven't heard back from you by then. Hope you have good flights and things go well with the black bear.

I know exactly what you are talking about and I will follow up this week (hopefully). I have bear flights scheduled Thur/Fri and a problem black bear so if I forget please remind me. I too am learning a lot so hopefully we can help each other out!

I apologize for being vague as I'm still learning how and when things are done for different agencies. I would like to check and see if the compendium has been updated with language about the conservation strategy for grizzly bears. There's no rush on this so tomorrow would be great.

Thank you!

Jennifer
