As Matt indicated in his note, I would like to arrange a brief call with you, ideally sometime next week, to discuss your perspective on the issues to be addressed at the meeting in Denver. I do not believe the call will need to be longer than 30 minutes, at most.

I would appreciate it if you would identify one or two "windows" of time in your schedule that are available for a call, and the best number to reach you. If you would like me to work with your administrative assistant to arrange the call, please provide me with that individual's contact information.

Thank you.

Quick update on our planned meeting for Feb 18-19.

Chris Smith from WMI has agreed to facilitate our conversation. He intends to try to have a brief conversation with all of you prior to the meeting so expect a call from him.

I am working with Scott Talbot on the agenda right now and hope to have that out next week. Our intent is to start around 12 Noon on Feb 18 and adjourn by 12 Noon on Feb 19.

For the states, let me know if I left anyone off this list that you are intending to bring.

Everyone should have the hotel information.

Let me know if you have any questions.
