Hey Dan,

We are not changing anything major like boundaries or rates and ratios. We just need to review where we are and check in on a few things. We will have an agenda to send out soon.

Hey Chris,

On the upcoming IGBST meeting -- are there "new to us" proposed changes to rates/ratios DMA boundaries or are we just making sure the CS etc match up with proposed?

Also plotted location of G112 removal for sake of curiosity and it is outside of DMA, not that it influenced our recommendation but good information to know. Will get rest of paperwork done ASAP.
