Attachments: [Grizz comment reopener FR notice_080116_for review.docx](#)

Hi everyone,

This is just a friendly reminder to please give me your thoughts on the FR notice draft by COB today. I am reattaching for convenience.

Let me know if you have any concerns about your ability to meet this timeline and we can discuss.

Have a great Friday!
Alex

Hi everyone,

Thank you for your patience as we work to quickly pull together all the pieces of the FR notice to reopen the comment period on the grizzly bear proposed delisting rule in light of the state regulations and peer reviews.

In the interest of allowing you to start your review as soon as possible, I am going to send you documents to peruse as we finish drafts. This means you will get a few emails over the next day or so with documents for review. I apologize if this complicates your organizational scheme. Attached to this email is a **draft of the FR notice reopening the comment period**. Please let me know your thoughts and edits by COB Friday August 5. If you are able to provide feedback earlier, it would be much appreciated.

Also attached to this email are the **materials that will accompany the draft FR notice** (briefing paper, note to reviewer, and cover memo). Please let me know your thoughts and edits by COB Friday August 5. If you are able to provide feedback earlier, it would be much appreciated. Field staff likely does not need to review these documents unless you have a keen interest in the content.

Still to come is the Outreach and Communications Plan, which we hope to share tomorrow. Given our timeline, this week is your opportunity to provide feedback on all these documents. So, please take the time to give them a careful read. After this week, and once the regulations are all final, we will start the formal review and surname process.

Don't hesitate to reach out if you have any questions or concerns!
